

Burn Boot Camp - Multiple Locations

TVS Pro Project

Burn Boot Camp is a group fitness brand where like-minded women come together, build confidence, and inspire one another. They reached out to T.V.S. Pro looking for flat panels for digital signage and a basic audio and mic system for each of their studios located in Bountiful, S. Jordan, Highland, American Fork, and Herriman.

In each studio, T.V.S. Pro installed up to 14 pendant mount speakers, and up to 4 pendant mount subwoofers, and an Extron audio distribution system with multiple control panels. Additionally, flat panel televisions were mounted and outfitted with Amazon firesticks.

Key AV Equipment:

- Extron DMP 64 Plus DSP
- Extron ACP VC1 D control panel
- ElectroVoice EVIDP6.2 pendant speakers
- Bose DM10PSUBWH pendant subwoofers
- Samsung TU7000 TVs

T.V.S.Pro Team
